## Description:

Warrior World is a unique RPG game of its kind with non-stop adventure. Enter this realistic world of ancient warriors and test your skills to the limit.

You play the role of Warrior Prince Maximus who lost his kingdom to evil forces. Now, It's time for you to get back to your kingdom and capture its palaces. To accomplish this mission you must undertake and complete several quests in each region of your kingdom.

On your mission, you will encounter many deadly enemies. e.g., Wolves, Tigers, Robmen, BlueHorns etc. You shall accept challenging quests from local quest givers and get rewards like Weapons, Special powers, Gold etc . The Quests are of varying types e.g., Killing Enemies, Recuing Princess, Collecting Items, Capturing key places and more.

## GamePlay:

The game begins in a remote part of your kingdom. You must find local quest givers and help them by completing their quests. On completion of each quest, they will reward you with valuable items which will be useful for your mission.

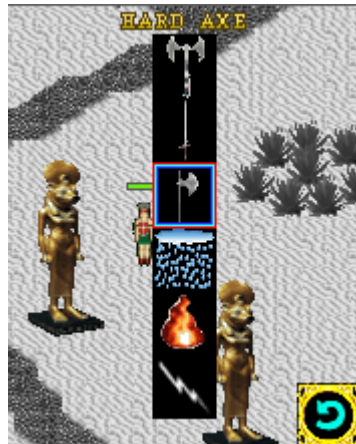

Each quest will require a good knowledge of the environment and abilities to tackle the deadly enemies which may encounter on your way. To aid you in this difficult task, you will get health packs, special powers, weapons etc after killing a enemy. Making best use of these items is vital for success.

## Controls/Instructions:
